Generally, the service provider has seven days after the assignment is made to input the assigned NXX code information into RDBS and BRIDS.⁴ Occasionally, service providers are permitted take up to sixty-one days to input this information. During this interval, NANPA cannot provide information regarding NXX code assignments. Denials or suspensions of NXX code requests are not submitted to RDBS / BRIDS.

Below is a summary of the NXX activity within the 423, 615 and 901/731 area codes during the month of August 2001. All information provided in this report is public information.
